MARKS: 20

Q1. Read the passage carefully – (10)

Food can maintain and save life. It can destroy life as well. Proper food serves as medicines. Improper food works as poison. A little care about the quality and quantity of food will keep us healthy and happy. If we go about eating all sorts of things, we shall become sick. We take pride in calling ourselves civilized. Being sensible means to know the difference between good and bad, right and wrong. It will not do to become slaves to our tongue or taste. Even cattle, birds and beasts eat only what is best for their body. We mostly eat processed food and refined sugar. We pay heavily for junk food, for Chinese dishes or deep fried snacks. As a result we catch diseases. We have drifted away from mother nature. We laugh at the rules of hygiene, healthy diet and the advice of our elders. This has given rise to diabetes. We offer chocolates, cakes and ice-creams too often to our children. We also attend parties or dine out every day. This way we invite obesity and diabetes.

On the basis of the reading of the passage complete the following sentences:(5*2=10)

a. The functions of food is to

b. 'Improper food' means

Q2. Read the poem carefully and answer the following questions given below: (10)

When storm-clouds rumble in the sky and
June showers come down
The moist east wind comes marching over the heath
to blow its bagpipes amongst the bamboos
The crowds of flowers come out of a sudden
from nobody knows where,
and dance upon the grass in wild glee.
Mother, I really think the flowers go to school underground
They do their lessons with doors shut,
and if they want to come out to play before it is time,
their master makes them stand in a corner.
When the rains come they have their holidays.
Branches clash together in the forest
and the leaves rustle in the wild wind,
the thunder-clouds clap their giant hands and
the flower children rush out in dresses of
pink, yellow and white.
Do you know, mother, their home is in the sky,
Where the stars are.
Haven't you seen how eager they are to get there ?
Don't you know why they
are in such a hurry ?
Of course, I can guess to whom they raise their arms
they have their mother
as I have my own .

-Rabindranath Tagore
