#### SECTION –A (READING)

M.M 20

Q.1 (A) Read the following extract and answer the questions given below : (10 Marks)

#### PASSAGE 1

Discipline is the foundation of good manners. It requires a voluntary obedience to certain codes of behaviour. It is essential because lack of it may create confusion in society. It is the very essence of a civil society. Good manners can be developed only with the help of discipline. Good manners are necessary for people in all walks of life.

Courtesy is an integral part of good manners. Courtesy is reflected in speech, action and behaviour. A soft-natured man is liked by all. So we should never lose our temper. We should have regard for our elders. We should help the poor and the needy. We should be polite in our behaviour. We should not talk loudly to anyone. Soft speech wins the heart of people. A man with good speech rules the mind of the people. Hence civility of speech and action is a must for good manners.

A man with good manners should never lose temper even in difficult situation. He is always polite in his overall conduct. Gentility is reflected in his demeanor. He wins the heart of the people. Good manners demand restraint in our behaviour. Good manners demand us to be helpful to all who need it. We should be ready to help the poor and the needy. We should have respect for the women and kind to children. We should not have any ego or attitude problem. We should never think ourselves superior and look down upon others. We should never do anything which may hurt the sentiments of others. A man without good manners can never become a well-bred man.

Good manners cost nothing but win everything. They lend charm to people. They enhance the glamour and beauty of personality. A man with noble birth and high qualification without good manners cannot be agreeable to those with whom he comes in contact with. Likewise, a man having low birth and little qualification but good mannerly in his attitude and behaviour wins love and respect from all. Good manners are not to be borrowed. They are to be cultivated and groomed slowly. We should cultivate good manners from early childhood.

- a)What does discipline require? (2)  
b)Why is it essential ? (2)  
c)Define Courtesy. (1)  
d)How can we be courteous? (Write 2 points) (2)  
e)What does Good Manners demand? (2)  
f)Write the words from the passage that means: (1)  
(i) Prepare for train (Para-4) (b) Higher in rank (para-3)

Q2 Read the poem and answer the questions that follow: (Marks 10)

Respect! Respect!  
Time I respect you

Time is of great essence  
Respect time  
Before it imposes on you a sentence  
As if you have committed a crime

Time is precious like a diamond  
Time must come first never second  
Respect time  
For time itself is the sublime

Time never waits  
Time decides fates  
In time itself you create  
The food you eat off your plate  
In time itself you love and hate  
And find a partner or some mates  
Respect time, underrate it not  
Don't say 'time passed, I forgot'

There is a time to be late  
There is a time to debate  
There is a time to wait for someone  
Before time decides to shorten the fun  
Remember time waits for no one  
Time also catches up with those on the run

Respect time  
The essence of time  
Is its continuous presence

And its everlasting absence  
And denial of the past tense

- a) Why does the poet call 'Time' an essence? (2)
- b) With what a time is compared to? (2)
- c) What will happen if we waste time ? (2)

(5)

Ich wohne in Greifswald, einer kleiner Provinzstadt im Norden Deutschlands. Ich bin 16 und gehe auf die Realschule. Wir haben hier nur vormittags Schule. Der Nachmittag ist frei, aber ich weiss meistens nicht, was ich in der Freizeit machen kann. Hier in der Provinz ist nie was los. Manchmalmal fahre ich am Wochenende mit meiner Clique nach Stralsund oder nach Rostock. Dort gibt es schone Diskos. Die Gemeinde will ein Jugendzentrum bauen. Das ware eine gute Idee. Dort konnten wir uns dann treffen, spielen..Und normalerweise gibt es auch vershiedene Kurse, z.B. Instrumentalunterricht, Informatik, Fotografieurse usw.

Was stimmt?
